Ben FerenczBy BarbaraSubject is fascinating. Not the greatest writing but you can here

Ben speaking in some places. A lot of content taken from letters Ben wrote to his wife. I did not read his speeches or his written papers -I was more interested in his biography. It is in e-book form but not audio. Hard copy expensive.0 of 0 people found the following review helpful. Accurate account of difficult time!By Tom KDifficult but realistic account of historical events which happened during difficult time of war!

At the conclusion of World War II, war crimes tribunals were carried out at Nuremberg, Germany. Justice was meted out for major war criminals, and Benjamin Ferencz was chief prosecutor for what the Associated Press stated to be the largest murder trial in history. This biography of the last living Nuremberg prosecutor traces his life from early childhood growing up as an immigrant in Hell's Kitchen in New York City, to Harvard Law School, to the U.S. Army and Patton's Judge Advocate War Crimes Investigation Section, to the Nuremberg Tribunals and beyond. His life has been spent working toward the goal of world peace through law, not war, including the successful formation of the International Criminal Court, in which Ferencz played a key role. Ferencz, celebrated as an expert in international law, led a remarkable life, as chronicled herein with his participation.

"Hofmann's book certainly is accessible and directed to the general reader. Any library with critical holdings on war crimes or international law should be interested in securing a copy because the book succeeds in connecting the reader with the biography of a critical jurist in relation to the development of international humanitarian law. For scholars who have done research on war crimes, this biography provides a number of anecdotes, contexts, and details one normally does not get from more traditional law journal articles, treatises, or monographs"--H-Net s.About the AuthorTom Hofmann is a retired U.S. Defense Industry consultant whose wife is a first cousin of Benjamin Ferencz.
