**Stevie Cameron : Blue Trust: The Author, the Lawyer, His Wife, and Her Money** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Trust: The Author, the Lawyer, His Wife, and Her Money:

1 of 1 people found the following review helpful. Brilliant out of print book for a brilliant priceBy QueensmanThank you for connecting me with the company that could get me this out of print book. It's a used copy and in immaculate order. I shipped to Canada so it took longer than anyone would like but the quality of the book is without questions. The book itself is more salacious, engrossing and spell binding than most anyone could imagine. A read that just takes you deeper and deeper into one man's world of avarice, manipulation, supercilious pride and insatiable self-centeredness. Who said Canadians are boring?!5 of 7 people found the following review helpful. Grim SatisfactionBy S. AndersenThe Blue Trust chronicles the rise and fall of two highly ambitious people, Bruce and Lynne Verchere. For those of us who worked at Manac Systems in the mid-eighties there is some grim sense of satisfaction with respect to the destiny of Lynne Verchere. The author avoids the darker side of Vercheres personality, but for those of us who knew her, any sense of pity that the story elicits is mitigated by the reality of having dealt with her on a day to day basis. Lynne Verchere was not a victim. The final tragedy of Bruce Verchere is a metaphor for the gaping hole in her own psyche. Notwithstanding the mess he had made of his life, Bruce Vercheres last desperate act was undoubtedly triggered by her final "victory" over him.4 of 4 people found the following review helpful. Ramble, RambleBy Chris Nixon-GilesInteresting because it's a true story, and for Canadians some recognizable names, but oh does it ramble. This story could have and should have been told in 100 pages not 373.
