**Tanya Renee Figliozzi : Building Operating a Real Estate Brokerage** before purchasing it in order to gage whether or not it would be worth my time, and all praised Building Operating a Real Estate Brokerage:

1 of 1 people found the following review helpful. Less than impressedBy D'Ann FaughtWas hoping this book would be a little less basic. Basically just reiterates a lot of what is in the broker courses regarding legalities and such rather than giving actual tips on starting a brokerage.

Building Operating a Real Estate Brokerage guides an aspiring broker on the legal requirements of setting up a brokerage, how to recruit and train agents, and maintaining the business for years after.
