Mistake in inventoryBy Dongjing WeiI was told there was a mistake in inventory number, thus when I purchased this book, actually it was out of stock. And then told me this illusionary book had been shipped.The seller apologized immediately through refund and refunded in full. But I wish he could notice me by an e-mail or a pop-up window message, then I would not wait in vain for nearly 3 weeks and had to borrow it from the library every 2 hours.The book is great itself.0 of 0 people found the following review helpful. The book even mentions a financial threat looming, and it practically hit the meltdown on the nose before it happened.
