Business in the Contemporary Legal Environment provides complete coverage of the areas typically included in a one-

semester legal environment course: Foundations of Law; Contracts, Torts, and Crimes in Business; Business Organizations, and Government Regulation. The use-friendly text is written in an informal style and avoids "black letter law" statements whenever possible. Each chapter begins with a Classic Case and ends with a Contemporary Case, and the accompanying introductions and questions make the cases readily accessible to students. At least three strategy boxes in each chapter give practical advice to a business person dealing with the material under consideration. Helpful discussion questions and "You Decide" hypotheticals at the end of each chapter as well as exhibits throughout the book help make the concepts easier to understand and retain.
