**William K. Sjostrom Jr. : Business Organizations: A Transactional Approach [Connected Casebook] (Aspen Casebook) (Aspen Casebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Business Organizations: A Transactional Approach [Connected Casebook] (Aspen Casebook) (Aspen Casebook Series):

0 of 0 people found the following review helpful. Five StarsBy Derek AbeytaDelivered as promised.

Business Organizations: A Transactional Approach, Second Edition teaches from a transactional perspective and shows how the legal concepts are written in the real world. It has numerous actual provisions from the various documents corporate lawyers draft and review, so that students gain a sense for what corporate lawyers do in practice. With content selected through a corporate lawyer lens, and emphasis on real-world provisions, this is the only Business Organizations casebook on the market allowing students to work with complete transactional documents (e.g., limited liability partnership agreements, LLC operating agreements, certificates of designation, warrant agreements, and shareholders agreements). Featuring numerous exercises, designed to reinforce the covered material and help students develop the planning and problem-solving skills of a corporate lawyer as well as expose students to the documents and issues at the heart of a transactional practice, the book also contains more narrative and fewer cases--legal concepts are covered in concise explanatory text instead of judicial opinions.
