Extremely Useful!By Lisa WilliamsThere are lots of books, which are dedicated to real estate and property investment, but I chose this one because if you are making a massive step like this then you need the help of experts who have been in the industry for years, like the Cosmatos. They didn't disappoint - they don't beat around the bush, but still explain in a detailed manner so anyone is able to understand the

basics. I will keep coming back to this book as a point of reference because it is something that you can't take in all at once. *Buying Your First Home* is targeted towards the U.S market, but I'm not American and I found basics very helpful - such as getting a full understanding of mortgages, the relationship you have with your real estate agent and they even go onto discuss the actual moving process. It's a book I would certainly recommend. 0 of 0 people found the following review helpful. Helpful tool! By J. Sherwood Bought this book for my son to help him prepare for his first real estate transaction. 1 of 1 people found the following review helpful. WOW! By Celia Nice to know someone else is looking out for first time home buyers. A great read, easy to understand. Invaluable information, especially if you want to avoid pitfalls and traps buying your first home as a single parent

Buying a home is serious business; after all, for most people it is the single largest purchase they ever make. You wonder how to choose the right agent, avoid costly buying mistakes, or even how to go about the entire process. Real estate experts Chuck and Donna Cosmato have the insider information you need to know gained from over 26 years experience in the real estate market to teach your how to get the best deal on the perfect home for less than you thought possible.

About the Author Charles "Check with Chuck" Cosmato is a licensed associate broker who lives in the Smith Mountain Lake area of Moneta, Virginia with his wife of 66 years, Lillian. He's semi-retired from a 26 year career in real estate, which means, as he says, "he comes out of retirement" to work with a select clientele. His mission is to teach the first time home buyer how to purchase a dream home without making any costly buying mistakes. He and his daughter, Donna, teamed up to write an essential guide for the new home buyer that features insider tricks, tips and techniques garnered from their experience in the real estate industry. Donna Cosmato is a former real estate agent who transitioned into a career an investigative journalist. She's a seasoned author with an established reputation for providing her readers with extensively researched, factual information on a wide variety of topics. Her specialty niche is interviewing experts, and she offers her readers unique answers and advice on their frequently asked questions about pet health, personal finance, real estate, education, autism and other subjects.
