Susan Burnett Luten : California Civil Litigation before purchasing it in order to gage whether or not it would be worth my time, and all praised California Civil Litigation:

This is the only litigation text for paralegals written specifically for California. It has been completely updated to include changes in the law over the past three years, revised exemplars, and new assignment sets. It covers federal and California state litigation chronologically from initiation of the suit through appeal. Discussion Questions and Assignments at the end of each chapter further develop chapter concepts. Written in plain English, avoiding unnecessary legalese, for beginning paralegals.
