Seems to me, a year in prison is a high price to pay for ignorance. Youare not going to get good information by asking around, unless you hire an attorney to read this book for you. Your friends and associates dont know either unless theyve put out this kind of effort to be informed.0 of 0 people found the following review helpful. California Ed CodeBy BabeOur office uses this book on a daily basis in Human Resources and the last copy we had on file was from 2000. How great for us to find a current copy and at such a great price. Thanks!0 of 0 people found the following review helpful. great referenceBy James CooperI have found that this is a very good reference book that I read a lot in order to determine precisely how I need to arrest people on my job as an armed guard. It is also very helpful for me to read and to get

clarification on laws that I thought I knew.
