This book does not help you at all for state exam. there are no answers in the way they are quizzed in this book. You will waste your money if you buy this book. Reason I passed my exam is I studied hard and used the PRIMER book. for California.4 of 4 people found the following review helpful. Poorly Written. NOT helpful. Information NOT Up-to-datedBy IceSnowPoorly written. The questions are not helpful toward the exam. A lot of questions are written as useless trick questions, and NOT purposed to be informative with key knowledge for the exam. Also, Information is NOT up-to-dated; for example, the FIRPTA (sale) tax rate had increased to 15% as of 2016, but this book still says the 10% (outdated info). Also, some of the answer keys are incorrect (eg. exam 3 #35). This book, at the best, can be consider a study guide, but could NOT be called practice

exam. There are also a lot of typos and grammar errors too, really need to proofread the book before publishing. 1 of 1 people found the following review helpful.
