## Statute, Equity, and Federalism (Clarendon Law Lectures):

This volume is based closely on the lectures delivered by The Hon. Justice W. M. C. Gummow at Oxford University in 1999 as part of the Clarendon law lectures series, sponsored by Oxford University Press. These lectures take up themes of continuity and change in the law, particularly as they appear in the great common law jurisdictions.

‘The strength of Justice Gummow's work is its detailed and authoritative discussion concerning the various approaches used to develop and adapt the law. The table of cases and index are convenient additions to the text. Change and continuity: statute, equity, and federalism is thought-provoking reading and offers an informative perspective of the nature of law and doctrinal development.’ *International Trade and Business Law Annual* ‘What Gummow has to say is a useful and delicate balance of theory and legal analysis.’ J.H. Bogart, *The Law and Politics Book Vol.10 No.3*, March 2000. ‘What Gummow has to say is a useful and delicate balance of theory and legal analysis.’ J H Bogart, *The Law and Politics Book Vol 10 No 3* (March 2000) ‘...Justice Gummow gives us plenty of food for thought.’ Roger Brownsword *Law Quarterly* October 2000 ‘...there is a great deal of subject matter and thought in this small, yet panoramic, treatise.’ Prof P H Lane *The Australian Law Journal* November 2000 About the Author The Hon W. M. C. Gummow is Justice in the High Court of Australia.
