Edward Burn, John Cartwright : Cheshire and Burn's Modern Law of Real Property before purchasing it in order to gage whether or not it would be worth my time, and all praised Cheshire and Burn's Modern Law of Real Property:

The eighteenth edition of this classic work on land law has been fully updated and revised to ensure that it presents the modern law of real property - the land law of the twenty-first century - whilst setting the modern law in the context of its historical foundations.

" from previous edition: The work maintains its winning formula: a conventional coverage, the use of straightforward language, and an incisive and direct mode of legal analysis." --Conveyancer and Property Lawyer
