Three StarsBy Marie MccombIt's ok, but not what I was looking for.2 of 2 people found the following review helpful. Published in 2008 -- Useless and Out of DateBy ESL GeorgeThis book was published in 2008. The current citizenship test was released in 2009.This book is not only 5 years out of date, it references materials that are no longer relevant for citizenship.If, from the "5 star" review, the publisher can't tell us if this book is about "immigration" or "citizenship" and if it's from 2008 or 2009, what good is

it?Especially when there are many much better books out there like USA Citizenship Interview and Test Practice Made Easy which is so up-to-date it even includes all the details of President Obama's program for immigrants who were brought to the U.S. illegally as children and now can legally work and go to college.This book is inaccurate and out of date. I'd get something else.
