**Kevin Clermont : Civil Procedure Stories (Law Stories)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Civil Procedure Stories (Law Stories):

0 of 0 people found the following review helpful. Three StarsBy Eric M.Don't think it's a great supp. I would recommend Freer's civil pro over this.5 of 5 people found the following review helpful. Good ApproachesBy P. LeeThis book uses a series of key cases with detailed social and legal environment and background to provide a full picture of the subject. Fully agreed with the author's approach of studying fewer cases in detail to develop full

understanding and development on the subject rather than studying too many cases attempting to grasp the development of the subject by bits. 1 of 1 people found the following review helpful. Great BookBy Law StudentFascinating!!! Very well written in plain language. This book made the dry subject of Civil Procedure more interesting! A good read

Fourteen law school professors collaborated to write *Civil Procedure Stories*, which provides deeper understanding of the great civil procedure cases. Each professor wrote a short chapter on one of the cases, retelling the case in his or her own voice and by his or her own method. Each chapter includes separate sections on: Social and legal background of the case Factual background of the case Lower court proceedings in the case Final appellate disposition, including issues, decisions, reasons, and separate opinions Factual postscript to the case Immediate impact of the case on the development of the law (why the case is famous and when it became so) Continuing importance of the case today (why it is still a leading case)
