Christopher Tyre, Stephen Cobb, N. Angela, Angela Nield, Susan Maidment : Clarke Hall and Morrison on Children before purchasing it in order to gauge whether or not it would be worth my time, and all praised Clarke Hall and Morrison on Children:

Clarke Hall and Morrison on Children is acknowledged as being the leading work on both the civil jurisdiction of the family courts and the criminal jurisdiction of the youth courts. The work gathers together all the legislation, circulars and guidance notes that relate to every aspect of child law. It also includes useful procedural tables, checklists,

precedents and flowcharts. Expert commentary explains and clarifies the law throughout and makes sure that the reader is fully aware of its practical implications. The work includes expert analysis of all the relevant case law and contains all relevant source materials accompanied by explanatory commentary. The service is kept up-to-date through three updating issues per year and this year the service will also contain a new chapter on Mental Health in Children and Young People and a fully updated Education Division. The service is also available on CD-ROM as part of the Butterworths Family and Child Law Library, bringing all the added benefits of electronic delivery such as enhanced search facilities and hypertext links. Five looseleaf volumes plus a Bulletins and Tables binder, subscribers receive their first year's updating issues as part of the purchase price (three service issues approx. per year). Subscribers are charged annually for subsequent updating.
