Ira M. Golub, Roberta K. Chevlowe : COBRA Handbook before purchasing it in order to gage whether or not it would be worth my time, and all praised COBRA Handbook:

1 of 1 people found the following review helpful. Very over-priced - not a serious handbookBy James E. PrestonI paid a small fortune for this book, only to receive it and find that it is little more than an editorial about COBRA instead of a handbook.It is a good overview of COBRA, and, would make an excellent textbook on COBRA for an MBA class or a college course on COBRA in Human Resources.It is not a serious handbook. The citations in the book are mostly incomplete. They cite to sections of the Act rather than sections of the U.S. Code and it is a nightmare trying to convert the citations to something practical.Often, the analysis of cases is simplistic, and, doesn't provide a thorough

treatment of the cases cited. This "handbook" is more properly used only for persons seeking a beginners analysis of COBRA for limited purposes. I wouldn't spend a third of the price of this book for its contents.

The 2009 COBRA Handbook gives you the detailed advice and you need to solve your everyday COBRA administrative problems. It provides the text of the final COBRA regulations, and offers guidance on how to comply with various new rules addressed in the regulations. It answers hundreds of your most complex COBRA questions, including:

- What type of proof is required to establish that a COBRA notice has been sent?
- When is a COBRA election considered to be timely made?
- When is an employer permitted to increase the amount of the required COBRA premium?
- What remedies are available under ERISA civil enforcement provisions?
- What are the rules regarding obligations of multiemployer plans when a contributing employer withdraws from the plan?

PLUS! With your purchase of the 2009 COBRA Handbook, you will receive a free special report entitled "The New COBRA Premium Subsidy", which discusses the impact of the American Recovery and Reinvestment Act of 2009 (ARRA) on the COBRA world.
