Ilona Bray, Loida Nicolas Lewis : How to Get a Green Card before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Get a Green Card:

0 of 0 people found the following review helpful. Five Stars By Cynthia G. Easy to read and detailed enough. 0 of 0 people found the following review helpful. definitely recommend for anyone looking for a green card By Gabriela Hasovaveru helpful, updated information, clearly explained, definitely recommend for anyone looking for a green card! 0 of 0 people found the following review helpful. Three Stars By kamelazeb this book doesn't include how to get green card through job in US.

U.S. immigration law is a tangle of details. This book explains the most likely bases upon which an everyday person might qualify for a green card: family, marriage, asylum, the visa lottery, and a few lesser-known categories. Then, the book leads readers safely through the enormous immigration bureaucracy, with step-by-step application instructions,

checklists with required forms and documents, tips for avoiding mistakes and dealing with legal complications, and sample forms. This edition is completely revised to reflect the latest laws, including new rights to a green card for same-sex married couples, agency contact information, and fees, plus critical new procedural information, particularly concerning the new provisional waiver for unlawful presence. And if the immigration reform bill currently before congress becomes law, the book will cover its groundbreaking changes, including a new path to citizenship for immigrants currently in the country without documentation. This book is not appropriate for people seeking temporary visas or work-related green cards.

"" Provides a nuts-and-bolts guide on obtaining a green card to work and live in the United States..."" Orange County Register
Green card seekers: Look no further . . . Asian Week. A definitive book that is also easy to read. Fort Worth Star Telegram "" Highly recommended."" Library Journal
