**Rosie Brennan : Immigration Advice at the Police Station** before purchasing it in order to gage whether or not it would be worth my time, and all praised Immigration Advice at the Police Station:

This volume is a concise guide on immigration law and procedure as it affects people detained at the police station. It takes the adviser through typical situations and gives guidance on how to deal with police and immigration officers, provide advice and assistance and apply for bail. The style of this guide is practical and it provides a time-saving

resource with key point summaries, case study examples and action checklists. The guide provides coverage of both immigration and criminal practice and is up-to-date with the Immigration and Asylum Act 1999. Its easy to follow guidance makes it suitable for the non-specialist police station adviser.

About the Author Rosie Brennan is senior lecturer at London Guildhall University and a member of ILPA and the London Criminal Solicitors Practitioners' Association.
