Jack M. Beermann : Inside Administrative Law: What Matters and Why (Inside Series) (Inside (Wolters Kluwer)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Inside Administrative Law: What Matters and Why (Inside Series) (Inside (Wolters Kluwer)):

0 of 1 people found the following review helpful. Five StarsBy ashley mahmoudiangreat product, fast shipping!10 of 10 people found the following review helpful. Amazing! Worth every NickelBy JDrennanI was struggling to understand my textbook (Lawson) and my instructor. I would read the textbook and feel like I barely understood. Then

I would go to class and get asked deep theoretical questions and run on wild speculation about what is going on in Justice Scalia's head. When it was all over I was completely confused. This book solved the problem. It is clear and concise and it does a very thorough job of covering the essentials. Even if this book only contained the section on Chevron, Mead, and Skidmore it would be worth it. I have not taken my admin law test yet so I will post an update once I see if I understand as well as I think I do.

A concise and student-friendly study aid, *Inside Administrative Law: What Matters and Why* offers a big-picture view of Administrative Law that looks at how all of the essential elements fit together as part of a coherent framework of theory and practice. A rich pedagogy features Sidebars and Frequently Asked Questions, among other teaching devices that guide comprehension and reinforce learning. *Inside Administrative Law: What Matters and Why* features: basic coverage of the main themes of Administrative Law that focuses on what matters and why straightforward, lucid, and informal writing style dynamic pedagogical features that support learning and facilitate use Overviews that briefly introduce and position the topic of each chapter within the context of the course, to clearly convey to students what the topic is about and why it matters FAQs, or frequently asked questions, that address common mistakes and misconceptions Sidebars that offer additional insight and background information, or highlight important or illustrative cases tables and flowcharts that illustrate concepts chapter summaries and bolded key terms Connections brief sections at the end of each chapter that connect the material just covered to key points in other chapters a well regarded feature that illuminates the underpinnings and framework of the subject Readable and concise, *Inside Administrative Law: What Matters and Why* helps students to become more engaged in the course by offering clear explanations that demystify the material without oversimplifying it. Author Jack M. Beermann provides multiple platforms for testing and reinforcing student understanding and retention of key concepts and rules. Look for other Inside Series titles the following course areas: Bankruptcy Law, Civil Procedure, Constitutional Law, Contracts, Criminal Law, Property, and Sales and Leases.
