**Michael B. Kelly : Inside Contract Law: What Matters and Why (Inside (Wolters Kluwer))** before purchasing it in order to gage whether or not it would be worth my time, and all praised Inside Contract Law: What Matters and Why (Inside (Wolters Kluwer)):

0 of 0 people found the following review helpful. For an overview it is great. For in-depth nuances you will need more but ...By A. M.For an overview it is great. For in-depth nuances you will need more but that is to be expected.0 of 0 people found the following review helpful. An Essential Resource for a Tired 1LBy John ZhuangThis book is amazing

and saved me my 1L year. It has great basic coverage of the main themes of contract law in theory and practice. It has a straightforward and informative writing style. The overviews are brief introduction to each chapter that positions the topic within the course and are especially cool. The FAQs-frequently asked questions with complete answers-many of which address common mistakes and ambiguities. The sidebars-text boxes that contain interesting asides touching on history, policy, and law help too. There are also many visual aids, such as tables and flow charts, that illustrate key concepts.

Part of the new Inside Series, which offers clear narrative discussion of basic topics in tandem with a wealth of pedagogy, *Inside Contracts: What Matters and Why*, conveys a big-picture view of the essential elements of Contracts, how they fit together, and why. *Inside Contracts, What Matters and Why*, features: ;basic coverage of the main themes of contract law in theory and practice ;a straightforward and informative writing style ;Overviews -a brief introduction to each chapter that positions the topic within the course ;FAQs-frequently asked questions with complete answers-many of which address common mistakes and ambiguities ;Sidebars-text boxes that contain interesting asides touching on history, policy, and law ;visual aids, such as tables and flow charts, that illustrate key concepts ;Chapter Summaries and boldfaced legal terms ;Connections-a bulleted list at the end of each chapter that connects key points to related topics in other chapters ;attractive, uncluttered, two-color page design From contracts teacher and scholar Michael B. Kelly, this widely accessible guide serves as a compass: It orients students in the geography of the field, so they can successfully navigate through their course in Contracts.
