Kenneth S. Abraham : Insurance Law And Regulation: Cases And Materials (University Casebook) (University Casebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Insurance Law And Regulation: Cases And Materials (University Casebook) (University Casebooks):

6 of 6 people found the following review helpful. Excellent TextBy Readmore McCarthyFull of case excerpts which get to the point. Rarely is there a case that is included in its entirety (thank goodness). Editors are great, as the subject

of insurance law is broken down into manageable categories. The text is straight forward and well organized. There are policy examples included which were very helpful.

This casebook provides detailed information on insurance law. The casebook provides the tools for fast, easy, on-point research. Part of the University Casebook Series, it includes selected cases designed to illustrate the development of a body of law on a particular subject. Text and explanatory materials designed for law study accompany the cases.

About the Author Professor of Law, University of Virginia
