William A. Schabas : International Courts and Tribunals (International Law Series, #5) before purchasing it in order to gage whether or not it would be worth my time, and all praised International Courts and Tribunals (International Law Series, #5):

Beginning about a century ago, but with a dramatic acceleration of the process in the final decades of the 1900s,

international courts and tribunals have taken a prominent place in the enforcement of international law, the maintenance of international peace and security and the protection and promotion of human rights. This book addresses the great diversity of these institutions, their structures and legal frameworks and their contribution to the international rule of law. With an original introduction by Professor Schabas, this important volume will be of interest to students, academics and professionals with an interest in international courts and tribunals. 31 articles, dating from 1935 to 2012. Contributors include: C. Brown, D. Caron, A. Cassese, E. Decaux, L. Helfer, N. Klein, M. Lachs, M. Nowak, Y. Shany, F. Viljoen
