From Globe Law And Business : International Public Procurement: A Guide to Best Practice before purchasing it in order to gage whether or not it would be worth my time, and all praised International Public Procurement: A Guide to Best Practice:

This unique guide contains contributions from leading experts around the world who explain best practices in public procurement in their jurisdictions.

It helps us understand the essence of what makes for good procurement, and it enables us to learn from achievements and mistakes made all over the world. --Construction Law International, March 2010 Those involved in international public procurement ...will find much useful information as to the current trends in procurement and how internationally best practices have been implemented as well as the results of that implementation. --Dr Cyril Chern, Crown Office Chambers, Construction Law Journal

About the Author Consulting Editor Roberto Hernandez Garcia is a partner at COMAD, SC and advises national and international companies in Mexico, Central America and Europe across diverse sectors. He is the founding chair of the procurement committee at the Mexican Bar and vice chair and appointed chair of the International Construction Committee at the International Bar Association (IBA), among other positions. He also represented the IBA before the United Nations Commission on International Trade Law on the revision of its model procurement law. He is a professor of energy law and government procurement law at Universidad Panamerica, Mexico, a regular speaker at international events and author of multiple publications.
