From Brand: Springer : International Survey of Investment Adviser Regulation before purchasing it in order to gauge whether or not it would be worth my time, and all praised International Survey of Investment Adviser Regulation:

edited by Marcia L. MacHarg Partner, Debevoise Plimpton, Washington, DC, USA Roberta R.W. Kameda Associate, Debevoise Plimpton, Washington, DC, USA International Survey of Investment Adviser Regulation has been compiled to provide a practical and user-friendly comparative survey of the investment adviser regulatory systems in various countries around the world and in the European Union. A primary purpose of this major reference work is to help shape the direction of investment management regulation. It provides a very useful and comprehensive resource for all those involved in international investment. In view of the rapid pace of internationalisation of the world's securities markets, knowledge of regulatory schemes around the world is an absolute necessity for both legal practitioners and international money managers. It is essential reading for regulators who continually have to reevaluate their response to changes in the investment management market place. This survey represents an international cooperative effort undertaken at the request and under the direction of the law firm Debevoise Plimpton.
