From Brill - Nijhoff : Issues in International Migration Law before purchasing it in order to gage whether or not it would be worth my time, and all praised Issues in International Migration Law:

This lively collection presents the revised papers resulting from a conference held at the Faculty of Law of the University of Groningen under the auspices of the Groningen Centre for Law and Governance and the Department of

European and Economic Law. The conference brought together scholars from a number of countries to examine a series of current issues in international migration law - a topic which continues to be of major importance worldwide. The collection aims to widen horizons in the debate and assist in achieving an understanding of the fact, often forgotten by those who prefer rhetoric to understanding, that migration is a truly global phenomenon. While Europe is at the forefront of population changes and debates on the control and management of migration, there are major issues and crises in many areas across the globe, and various contributions to this volume rightly draw attention to them.

About the Author Sir Richard Plender, LL.D. is Visiting Professor at the University of Groningen and former High Court Judge (England and Wales).
