**Steve Joynt : Jack's Law: The Rise and Fall of Renegade Judge Jack Montgomery** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jack's Law: The Rise and Fall of Renegade Judge Jack Montgomery:

2 of 2 people found the following review helpful. Truly Amazing Man and a Great ReadBy JAFOI knew Jack Montgomery and had several incidents in his courtroom. He was truly an entertaining man to watch. It is hard to believe a Judge could get away with as much as he did. He controlled Birmingham, AL. Courts for many years. The

beginning and ending of his story take you places you will find hard to believe. The writer of this book captured the essence of this man and his reign of the court systems. The title says it all. (Jack's Law) Jack Montgomery was the law in his own eyes and made his own laws as he went along. You will not be disappointed with this read. 4 of 4 people found the following review helpful. "Excellent insight into the downfall of the judicial system" By A Customer "Jack's Law" is a well written documentation of corruption and abuse within the judicial system. Written with the precision of an investigative reporter, Steve Joynt provides the reader with a factual basis for the inevitable conclusion to a corrupt public official. Steve's research into his subject begins with details of Montgomery's early childhood and continues through a lifetime devoted to deception and self grandeur that led to his eventual downfall and death. Well worth reading, particularly for anyone interested in the backrooms of "justice". 1 of 1 people found the following review helpful. One of the best books on the justice system you'll ever read By Andy Acton Excellent book from a superb writer and journalist. Steve Joynt captures the downfall of a judge who cheated unto death the system which he swore an oath to defend.
