This one isn`!It`s as straightforward, surprisingly non egotistical accounting of one of the most outstanding men of the 19th century.The story reads like a thriller. There is hardly a

page that goes by (once you get to the major part of the story in the South Pacific) that you aren't reading of hair-raising danger, such as when he strides boldly into the middle of a mob of angry islanders on their way to war with their sworn enemies, and literally stops the war in a moment! Or when he is surrounded by angry wild men with guns pointed at his head ... and survives. He actually lives a long and fruitful life. And one of his passions was to raise the value of women among people who strangled widows upon their husbands' deaths. 3 of 3 people found the following review helpful. Great missionary book By Jamie P This book was great from page one. He had me connected. It was incredible to hear everything he went through to spread the gospel. Definitely encouraging and challenging. 3 of 4 people found the following review helpful. Very Pleased By Valerie Valera I bought this book as a gift for Dad. He loves biographies or in this case autobiographies about men and women who gave it all for the sake of the cross. He raves about the book :) Thanks for the fast delivery and the perfect condition.

This Elibron Classics book is a facsimile reprint of a 1891 edition by Hodder and Stoughton, London.
