Jim Newton : Justice for All: Earl Warren and the Nation He Made before purchasing it in order to gauge whether or not it would be worth my time, and all praised Justice for All: Earl Warren and the Nation He Made:

One of the most acclaimed and best political biographies of its time, Justice for All is a monumental work dedicated to a complicated and principled figure that will become a seminal work of twentieth-century U.S. history. In Justice for All, Jim Newton, an award-winning journalist for the Los Angeles Times, brings readers the first truly comprehensive

consideration of Earl Warren, the politician-turned-Chief Justice who refashioned the place of the court in American life through landmark Supreme Court cases whose names have entered the common parlance -- *Brown v. Board of Education*, *Griswold v. Connecticut*, *Miranda v. Arizona*, to name just a few. Drawing on unmatched access to government, academic, and private documents pertaining to Warren's life and career, Newton explores a fascinating angle of U.S. Supreme Court history while illuminating both the public and the private Warren.
