**Geoffrey M Horn : Thurgood Marshall (Trailblazers of the Modern World)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Thurgood Marshall (Trailblazers of the Modern World):

America was lucky that Johnson appointed him to the Court and that Congress approved. Many of his reported opinions in cases get over looked. You must also read other books about his life in the NAACP and his many cases as a lawyer. Roger Goldman is a very good writer and a great law professor. I ought to know. I took Constitutional Law from Roger about 43 years ago.
