Regardless if your are a citizen or politician its worth reading. Is it possible for the common people to clean up the system or is it a wise thing to attempt?This book should be required reading for every high school and college student taking government classes!0 of 0 people found the following review helpful. UGH !By StanA restatement of all of FOX network commentators opinions with a couple of new ones. Appears Turk doesn't like the two party system and advocates one party would be best for all. However, he also wants to keep his "benefits" untouched. He offers "solutions" to what he thinks are problems. He'd be better off doing something else with his spare time and leave the writing to his mother. Save your money.0 of 0 people found the following review helpful. Two thumbs upBy CustomerI am in shock! I learned so much reading this book. It is obvious to me that Mr. Turk did his research homework before writing a single word. He brought so many things to light that we Americans need to pay more attention to. Read this book, and you will be more educated about how our country is working more importantly how it should be working.

TOO MUCH GOVERNMENT! Guideposts to Change! Are you tired of Status Quo Government? Are your elected officials really working for you? Within these pages you will discover many facts about our Government and who our representatives are really working for. I will present the problems and present solutions. You may not agree with either the problem or the solution, but you may find some enlightening facts about the true nature of our representatives and Government..

About the AuthorDana Turk was a member of the Armed Forces of the United States for 42 years. During his sixty two years of life, he has watched as our elected officials have continually failed the people they represent. Now retired and living on a fixed income, he can no longer bite his tongue and has come forward, with your help, to correct some of the nations problems.
