Robert H., II Jerry : Understanding Insurance Law (The Understanding series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding Insurance Law (The Understanding series):

1 of 1 people found the following review helpful. Great BookBy ColoradolawLet me start about by saying I'm not a law student or practicing attorney. I read this book to help me operate my commercial insurance brokerage for those times when clients ask difficult questions and I want to avoid liability by giving the wrong answer.Understanding Insurance Law exposes the reader to view situations with a different lens while supported with numerous case law examples. It provides important guidance during those moments when answers aren't readily available.The author thoroughly understands the topic and I've appreciated the information to not only help protect me, but protect my clients.0 of 0 people found the following review helpful. One StarBy CustomerRecieved the wrong edition0 of 0 people found the following review helpful. Five StarsBy CustomerGreat info guide

This comprehensive Understanding treatise can be used as the course text or as a supplement to any insurance law casebook. Insurance Law is designed to make the substance of insurance law accessible to the student and to the general practitioner unfamiliar with the subject.The premise of this book's organization is that insurance law is best understood if its legal principles are arranged according to the various stages in the life of a contract. Part A considers the question "what is insurance law." Part B considers issues germane to the establishment of the contractual relationship between insurer and insured. Part C considers issues relevant to the performance of contractual

obligations. Finally, Part D examines a few topics that defy easy categorization, including special problems in group insurance, special issues in automobile insurance, and issues in reinsurance.
