Marc I. Steinberg : Understanding Securities Law (2014) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding Securities Law (2014):

0 of 0 people found the following review helpful. Good supplement
By Benny Davi Very easy to read and helpful. With supplements it is always down to actually using it in deciding how helpful it proves to be. This one helped me and I am pretty sure it will do the same for others. The "Understanding" series is good as I have used previous ones in the past for other subjects. Would recommend.
2 of 2 people found the following review helpful. Four Stars
By jay\$\$ Great Hornbook for Sec. Reg. Goes through the 33 Act with precision and great detail.
1 of 1 people found the following review helpful. Five Stars
By Customer Clear and concise.

This Understanding treatise follows a logical sequence of analysis of a securities issue. The author begins by defining

a "security" and registration exemptions, and then continues through the process for non-exempt transactions. Understanding Securities Law clearly, thoroughly, and concisely addresses the subjects covered in basic Securities Regulation courses, including: The definition of securities exemptions from registration; the registration framework and process; Sarbanes-Oxley Act; SEC Securities Act Offering Rules; Resales and reorganizations; Due diligence; Liabilities and remedies; Affirmative disclosure duties; Insider trading; SEC enforcement; and Professional responsibility. The author also includes a glossary of key terms, statutes, rules, regulations and forms and schedules, and comparative charts synthesizing previously discussed materials. The text covers the regulation of public and privately held companies under the Securities Acts, SEC "fraud" concepts, civil liabilities under the securities laws, and state "Blue Sky" laws. It also discusses the Sarbanes-Oxley legislation, SEC public offering rules, SEC regulations on the resale of securities, and recent federal Supreme Court and appellate court decisions.
