Barlow Burke : Understanding the Law of Zoning and Land Use Controls (2013) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Understanding the Law of Zoning and Land Use Controls (2013):

1 of 1 people found the following review helpful. Excellent!By Mark HuberVery helpful to me in my planning law class. This book was not required (or even suggested) but I have found it helpful giving the specifics as well as showing the big picture and how everything ties together.

Understanding the Law of Zoning and Land Use Control, now in its Third Edition, is a comprehensive and clearly written text addressing zoning, land use, and environmental regulation in a national, jurisdiction-independent manner. It first sets out the constitutional framework for land use regulation in a discussion of the takings clause, followed by a

discussion of the basic form of land use controls, Euclidian zoning, and then non-Euclidian regulations. Also discussed are administrative and legislative relief from land use controls, the bread and butter of a land use practice. The book is divided into six parts: Part 1: Fundamental Concepts: The Police Power, Takings, and Zoning Part 2: The Zoning Forms of Action Part 3: Economic Discrimination and Zoning Part 4: Wetlands and Beaches Part 5: Regulating the User, Not the Use Part 6: Halting an Owner's Further Regulation
