From Government Printing Office : Understanding War In Afghanistan before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding War In Afghanistan:

0 of 0 people found the following review helpful. full of history and no political twist!By Tifani McCauleyThis book filled in several holes in my knowledge of Afghanistan's history as well as how the enemy thinks. Every American (and anyone who dares to call themselves an friend of the US) should red this. I can't wait to start on his suggested reading listed.
