6 of 6 people found the following review helpful. The standard in understanding white collar crimeBy Michael Weiser
I took a white collar crime course with the author of this book. We had two texts for the class: the actual cases and this book as a supplement. The "Understanding" books are always great guides to tough courses and this book is no exception. The book discusses the major cases in the field with easy to understand language. It is broken down into various sections within the chapters

to address the elements of each particular crime. All in all, the book was an indispensable resource in understanding and mastering this course. Of course, I would expect nothing less from this professor.

Brand New; pristine. See scans. Newark, NJ: LexisNexis / Matthew Bender, 2006. Understanding White Collar Crime / ISBN # 082056494x. Tall octavo, illustrated perfect-bound wraps,xxxii + 421 + Table of Cases + Index. Brand new, immaculate and flawless. See scans. LT21
