United States of America : United States Constitution: with Amendments (XXVII) before purchasing it in order to gage whether or not it would be worth my time, and all praised United States Constitution: with Amendments (XXVII):

246 of 259 people found the following review helpful. This is the version to get - don't be misled by the comments (BUT see update)By CRCatThis version is annotated by Richard Beeman, a genuine, non-ideological constitutional scholar. It is NOT the right wing/Skousen/LDS version described in many of the critical comments. For some reason, has applied the same set of comments to multiple versions of the Constitution, which makes it virtually impossible to

determine which ones are worth buying - and reading. This version is well worth buying and reading, and reading again. In addition to the text of the original documents, it offers excellent historical context including a discussion of how the various articles and amendments have been interpreted by courts (not ideologues) through the years. It's a very valuable resource. UPDATE: In a comment to this review, RedRocks explains that if you try to order the paperback version of this Penguin guide, you'll actually get the Skousen/LDS version instead. (My brother confirmed this.) Kindle orders get the correct Penguin version. needs to correct this - RedRocks has complained about it before but has done nothing. 84 of 90 people found the following review helpful. This is the one you want By Lydia Kagen Large font easy to read. No Skousen nut case seditious commentary. Just as it was written by the founders. 27 of 29 people found the following review helpful. The book for We the People By Classic country girl Every American should own (and Read) this book. It was written for Us! Very highly recommend.

The supreme law of the United States of America: this is the Constitution of the United States, originally conceived with seven Articles, on September 17, 1787, in Philadelphia, Pennsylvania, and in effect since March 4, 1789. The Constitution was amended twenty-seven times. The first ten amendments, dated from 1789, are known as the Bill of Rights, and beside the other seventeen, are included in this edition.

Whilst the last members were signing [the Constitution], Doctor FRANKLIN, looking towards the President's chair, at the back of which a rising sun happened to be painted, observed to a few members near him, that painters had found it difficult to distinguish in their art, a rising, from a setting, sun. I have, said he, often and often, in the course of the Session, and the vicissitudes of my hopes and fears as to its issue, looked at that behind the President, without being able to tell whether it was rising or setting; but now at length, I have the happiness to know, that it is a rising, and not a setting sun. --Benjamin Franklin (1787) The free system of government we have established is so congenial with reason, with common sense, and with a universal feeling, that it must produce approbation and a desire of imitation, as avenues may be found for truth to the knowledge of nations. --James Madison (1826) If in the opinion of the People, the distribution or modification of the Constitutional powers be in any particular wrong, let it be corrected by an amendment in the way which the Constitution designates. But let there be no change by usurpation; for though this, in one instance, may be the instrument of good, it is the customary weapon by which free governments are destroyed. --George Washington (1796) From the Publisher To encourage people everywhere to better understand and appreciate the principles of government that are set forth in America's founding documents, the Cato Institute published this pocket edition of the Declaration of Independence and the Constitution of the United States of America. With more than three million copies in print, this edition's influence has been observed far and wide. It has been held up by senators at press conferences and by representatives during floor debate; found in federal judicial chambers across the country; appeared at conferences on constitutionalism in Russia, Iraq, and elsewhere; and sold at U.S. Park Service stores, Restoration Hardware, and book stores around the country. Its a perfect gift for friends and family. Order your copies today! About the Author THOMAS JEFFERSON (April 13, 1743 - July 4, 1826) was the third President of the United States (1801-1809), the principal author of the Declaration of Independence (1776), and one of the most influential Founding Fathers for his promotion of the ideals of republicanism in the United States. Major events during his presidency include the Louisiana Purchase (1803) and the Lewis and Clark Expedition (1804-1806)
