The language in which this universal declaration is cast remains elegant, pertinent, and complete after half a century, and describes the basis of international citizenship in

common terms. 2 of 2 people found the following review helpful. only the textBy Customerit contains only the text of

rights - illustrated book for childrenBy Belinda DennisReally pleased with this book and how it presents such an
important message to children of all ages. Beautiful illustrations as well.

entitlements for all humanity to claim. It emphasizes the inextricable relationship between fundamental freedoms and
social justice, and their connection with peace and security.
