Larry Klayman : WHORES: Why and How I Came to Fight the Establishment before purchasing it in order to gage whether or not it would be worth my time, and all praised WHORES: Why and How I Came to Fight the Establishment:

0 of 0 people found the following review helpful. Great Book for Trump SupportersBy CustomerGreat book! A little self-promotion in the begining about Larry "suing" his mother to regain her end of life care as she struggled with Dementia but he wrote about it to let people know that justice and righteousness is/was important to him. Some critics

called him "sue happy" but that was the only viable weapon at his disposal in a lawless society populated by whores in the political arena and media. If you're a Trump supporter then you will love this book because Larry was a tireless fighter to make America great once again. 0 of 0 people found the following review helpful. Excellent book! By Gallegos This book is full of interesting facts and shows just how bad things truly are. Well written book, with many facets - Humor, outrage, sadness and much more. Hopefully this great book will motivate and inspire Americans for positive moral and ethical change. 7 of 8 people found the following review helpful. All Americans should be aware of the information in this book! By J.S.Horne The corruption in our government is so disgustingly deep, it is beyond appalling. Larry Klayman is in the unique position to be aware of some of the many injustices which will never be reported by our news media. Each party not only protects its own, but protect one another across party lines in order to avoid making enemies, lest their own political goals be stifled. Judges refuse to hear cases against politicians in high places, even when evidence is overwhelming, because they don't want their own career to suffer. It's one very big, very sick system.

Judicial Watch and Freedom Watch founder, Larry Klayman describes his efforts to stem abuses in the judiciary and executive branches of our government. He details his legal battles with President and First Lady Bill and Hillary Clinton (Chinagate and Filegate), Vice President Dick Cheney (secret energy commission meetings), and the Bush administration over illegal wiretapping of American citizens. His portraits of the likes of Janet Reno, Fred Thompson, Arlen Specter, Judge Denny Chin (who recently presided over the Madoff trial) and other Clinton insiders Klayman considers unethical, and who have come back to power in the Obama administration, reveal not always flattering sides of their well-cultivated images. Klayman also has choice words to say about media figures such as Bill O'Reilly, Sean Hannity and Paula Zahn, and he accuses media mogul Rupert Murdoch of sandbagging the original publication of WHORES by HarperCollins because of the book's negative portrait of Roger Ailes and Fox News. Above all, WHORES is an impassioned plea for reform of our judicial system with a number of provocative suggestions.

About the Author Larry Klayman, Esq., founder and former chairman of the successful non-profit foundations Judicial Watch and of Freedom Watch, has dedicated his career to fighting against injustice and restoring ethics to the legal profession and government. He has brought lawsuits against Bill and Hillary Clinton, Dick Cheney, Hugo Chavez and OPEC, among others.
