**N. J. Wikeley : Wikeley, Ogus Barendt's The Law of Social Security** before purchasing it in order to gage whether or not it would be worth my time, and all praised Wikeley, Ogus Barendt's The Law of Social Security:

This new edition of Wikeley, Ogus and Barendt's The Law of Social Security has been restructured to reflect the

significant legislative and case law developments that have taken place since publication of the fourth edition in 1995. These include the introduction of jobseeker's allowance and tax credits along with major reforms to bereavement benefits and pensions law, as well as fundamental changes to the decision making and appeals system.
