Makes new edition when the law is the same just to get broke law students \$!By Jasonthey change the pages around from the old edition, add a few words and bang you are out \$200 when you could get an older copy for less than a quarter the price. Buy the old edition use the index/table of contents and save some \$ (but not time)3 of 3 people found the following review helpful. Law Student - Frustrated with kindle editionBy MeeshI ordered the kindle version, and it does not provide page numbers, contrary to the description! Buyer

beware - if the professor assigns by page number, you will have to do a little bit of extra homework to figure out the real assignment. Otherwise, I'm not sure yet if it is a good book. Maybe I'll have a follow-up at the end of the semester, but I'm not a legal expert, so my review on that aspect might not be very valuable. 0 of 0 people found the following review helpful. The best law book I have ever purchased By Andrew Barchet This book makes a difficult topic more easy to comprehend. The provided case law takes you from fact to fact and illustrates how each court came to its decision. The table of contents makes the book easy to navigate and jump to any relevant topic. The hard cover is very durable and protects the pages as well as need be. I have nothing negative to say about this product except for the price. However, the price is to be expected when purchasing books for law school, and it should not take away from the product itself. Anyone interested in family law must have this product.

Wills, Trusts, and Estates retains the late Jesse Dukeminier's unique blend of wit, erudition, insight, and playfulness while covering all the key topics in a logical, clear organization. Interesting cases--not only fun to read, but fun to teach as well--are enhanced and connected to broader legal principles by well-written notes, questions, and problems. The Ninth Edition introduces a completely new, two-color design for a clearer presentation of core material and didactic imagery. Shaded box "sidebars" insert context, background, and real-life examples throughout the text. Improved organization consolidates the material into blocks that follow an orderly and logical progression. An introductory chapter on trusts appears before nonprobate transfers, providing much-needed context for revocable trusts as will substitutes. Reorganization enhances the revised material on nonprobate transfers and trust administration, creditor's rights, trust modification, probate transfers, spousal and children's shares, and trusts. The Ninth Edition features the latest developments in statutes, law reform projects, scholarly writing, and cases, such as those on revocable trusts and harmless error in will execution. Relevant uniform law activity is discussed, including the new Uniform Premarital and Marital Agreements Act, and attention is paid to the finalization of the new Restatements on Property and Trusts. Updates to the social science work on inheritance and intestacy are presented. Attention is paid to developments affecting inheritance among same-sex partners. Features: retains the late Jesse Dukeminier's unique blend of wit, erudition, insight, and playfulness covers all the key topics in a logical, clear organization interesting cases that are not only fun to read, but fun to teach as well cases enhanced and connected to broader legal principles by well-written notes, questions, and problems Thoroughly updated, the revised Ninth Edition presents: a completely new, two-color design two colors make a clearer presentation of core material and didactic imagery shaded box "sidebars" insert context, background, and real-life examples improved organization consolidates the material on wills, trusts, and nonprobate transfers into blocks that follow an orderly and logical progression an introductory chapter on trusts appears before nonprobate transfers, providing much-needed context for revocable trusts as will substitutes thorough revision and reorganization of the material on nonprobate transfers and trust administration, creditor's rights, and trust modification revision and reorganization of chapters on probate transfers, spousal and children's shares, and trusts the latest developments in cases, statutes, law reform projects, and scholarly writing new developments in cases, such as revocable trusts and harmless error in will execution relevant coverage of uniform law activity, including the new Uniform Premarital and Marital Agreements Act finalization of the new Restatements on Property and Trusts.
